

# NEW SAFETY PROTOCOLS

## Coronavirus/COVID-19

Dear students,

We understand that this new environment is not ideal. We put the safety of our students and staff first and foremost above everything else. We will be constantly reviewing our protocols and modifying and changing them according to the current environment and instructions from our community. The biggest blessing from this challenging time has been the outpouring of support, love, and passion for Joy of Dance. Without your support, the re-opening of Joy of Dance would have never been possible. May we all find our collective joy again. May our hearts and bodies return to sing to the music.
